	Identified the library's procedures for evacuation in the event of a Tornado Siren or Fire Alarm

This display was prepared to support activities for the Library's Disaster Awareness Week which coincided with the national Severe Weather Awareness Week. We highlighted FEMA and provided a link to their website. We educated patrons by listing the Library's building evacuation procedures for Tornado Sirens and Fire Alarms. QR Codes were used to bring patrons to the Nicollet County Historical Society's BENT BUT NOT BROKEN online exhibit and YouTube's video Twist of Fate (St. Peter Tornado 1998).
