

GOVERNMENT DOCUMENTS DISPLAY OCTOBER 2023: *The Great Displacement: Climate Change and the Next American Migration*, by Jake Bittle. This display supports the Geography Colloquium series. The MSU community was encouraged to read Jake’s book and attend his virtual presentation November 10, 2023. The display highlighted disasters referenced in the book that caused community displacement and migration from their homes and showcased government documents related to disasters, recovery efforts, and community displacement. It also promoted activities that were held on campus to encourage conversations about the books theme.
