Minnesota Historical and Cultural Heritage (Legacy) Grant Program: LSA Survey Results and Recommendations

Minnesota Alliance of Local History Museums Annual Conference
April 26, 2018
Session Outline

● Introduction to:
  ○ Legacy Strategic Agenda (LSA) and LSA Collaborative
  ○ Grants Priority Action Team (PAT)

● Legacy Grants Program Survey
  ○ Development and Implementation of Survey
  ○ Survey Results

● Recommendations from Grants PAT based on survey results

● Your Turn - Group Feedback

● Next Steps
Purpose of Session

- Understand the survey development, results and recommendations made by the Grants PAT

- Have a conversation about the impact of the Grants PAT recommendations on local history and how you could support their implementation
Legacy Strategic Agenda (LSA)

● The 2016-2020 LSA promotes innovation and growth of history and cultural heritage in Minnesota. This strategic plan invests in the future of our communities. More people of all ages will engage in our state’s history and cultural heritage. We’ll find creative ways to partner with new cultures and communities. We’ll become more connected with each other.

The LSA Collaborative charge is to ACT ON the LSA. The 15 Collaborative members represent various disciplines, cultures and parts of the state. Their leadership is supported with Legacy funding and guided by a partnership with the Minnesota Alliance of History Museums and the Minnesota Historical Society.

The Collaborative supports dynamic action teams to take on the LSA strategic priorities. These three priority action teams will help make Minnesota history more visible and accessible. Teams will uncover challenges and opportunities on the path to creating solutions and models for Minnesota communities.

Three PATs: Education, PAT X Stories, Grants
Grants Priority Action Team (PAT)

PARTNERSHIPS
Our Process
Team-Based Inquiry

An approach to empowering professionals to get the data they need, when they need it, in order to improve their products and practices and create successful educational experiences.

- Systematic
- Led by non-evaluation professionals
- Collaborative and team based
- Small scale and focused
- Embedded in work

### 1. Users/Non-users
- Who is using the grant program?
- Why are some not applying for grants?
- Who is not using the grant program (but are eligible)?
- Do you think applicants apply?
- Why are some outside applicants not applying?
- Why are some potential applicants not applying?
- Why are some other potential applicants not applying?
- Why do you think they are not applying?

### 2. Knowledge/Assumptions/Understanding
- What do people think we are doing? What do they think we should be doing?
- How do people understand the criteria for grant application evaluation?
- How well do applicants understand the criteria for grant application evaluation?
- How do applicants understand the grant process?
- How well do applicants understand their role in the grantmaking process?
- What do applicants think about the criteria for grant application evaluation?
- How well do applicants understand the criteria for grant application evaluation?
- How do applicants understand the criteria for grant application evaluation?
- How do applicants think about the grant process?

### 3. Marketing/Communication/Appeal/Testimonials
- What does it mean to the stakeholders? Who are the stakeholders?
- Why are some not interested in the program?
- Why are others not interested in the program?
- Why do you think they are not interested?

<tbody>
<tr>
<td>1. Who are the users/nonusers? What are they using/why are they using it?</td>
<td>To understand who the non-applicants are, and what they were applying to. To know if we are serving our purpose: are we serving MN’s history and heritage community? (communities drive the projects)</td>
<td>We can increase the number of applicants and awardees, and ensure diversity among applicants and awardees. Grants office admin records tell current/past applicants and awardees. Survey of non-applicants/applicants/awardees: size of org, type of org, location, grantwriting capacity (can we even survey non-applicants?) Focus group of potential and actual applicants.</td>

<tr>
<td>2. What do potential and actual applicants know, assume, understand (interpret) about the grants program?</td>
<td>To know the gap between perception and reality. To know how they interpret the guidelines or process.</td>
<td>So we can address the disconnect: do we need more education, or do we need to change something in communication or process. Survey of non-applicants/applicants/awardees. Usability study of website. Focus group of potential and actual applicants.</td>

Recommendations
Recommendations from Grants PAT

Process for developing recommendations

● TBI - Reflect and Improve Phase
  ○ Identified strengths and what is working well
  ○ Identified possible areas for improvement
  ○ Brainstormed ideas for improvement by theme
  ○ Drafted recommendations

● LSA Collaborative reviewed and recommended revisions
Transparency

- Create rubrics to show grant application requirements.
- Require HRAC to provide substantive feedback on grant application to document a consistent and transparent review process.
- Explain State of Minnesota rules that affect grant decision-making.
Transparency

- Provide a more detailed process timeline for the large grant selection process to applicants.
- Make a major effort to create more transparency around the appointment of people to HRAC, as well as their duties.
- Make the final grants reporting process for all recipients more clear and transparent.
- Educate prospective applicants regarding the multiple forms of historical enterprise supported by the Legacy Grants program.
Operational Excellence

- Create a Frequently Asked Questions Page on the Grants website.
- Document grants manual changes in an easily found “cover sheet/page” that notes changes to the manual and the dates those changes were made.
- Explore best practices for intellectual property rights with the MNHS Press and the Office of Grants Management.
- Examine closely other time-tested, transparent, and accountable grant-making processes in history and cultural heritage.
- Review the feasibility of inclusion of administrative and/or operation costs in grant budgets with the MNHS Finance team.
Enduring Value

- Actively promote the MHCH Grant program as an opportunity to build community in the history and cultural heritage field in Minnesota.

- Create a marketing strategy for the Grants office, one that clearly communicates both opportunities and requirements for the wide range of grant-making available through the Grants office.

- Enhance and highlight the definition of “enduring value” in Legacy projects.

- Clarify in the Grants Manual what, exactly, constitutes promotion and marketing for grant products. It should also revise the media packet on the Legacy Grants website.
- Hire a Grants Outreach staff person to support proactive communication with prospective applicants, applicants, and grant recipients. Additional staff in the grants office will support consistent and repetitive messaging which is important for the Grants program.

- Add additional staff and resources to enhance turnaround time and many other concerns raised in these recommendations.
On your note card, please write down:

1. The three most important recommendations for your organization. How will these three benefit your organization more than other recommendations?

1. How could you, as a MALHM member, support the implementation of these recommendations—be as specific as possible.
Next Steps
Next Steps

● Report on Phase 1 (Assess) of Grants PAT
  ○ Identify actionability of recommendations over the next 3 years.
  ○ Identify action steps, timelines, and measures of success
    ● Review and incorporate MALHM session feedback
    ● Review and incorporate LSA Collaborative feedback

● Begin Phase 2 (Implementation)
Thank You
