Becoming a Member of the Editorial Board

In an effort to not overload our editors and ensure a quick turn-around from subject matter experts, we accept nominations and self-nomination to the board. Contact the editor if you or someone you know has a terminal degree (PhD, EdD, JD, MFA), a forensics background either as a competitor or coach, and some publication experience. You don’t have to be currently active in forensics; as a matter of fact, former forensics people are perfect for our needs because they are not as overloaded during the travel season.

Additionally the journal is open to all research methodologies, (rhetorical, qualitative, quantitative, historical, etc.). In addition S&G will also except one or two literature reviews for each issue and a limited number of scholarly book reviews may also be considered. Viewpoint articles - research-based commentary, preferably on a currently relevant issue related to the forensics and/or debate community will also be considered. All research, with the exception of the literature reviews and scholarly book reviews, should further our understanding of human communication. The way(s) in which the manuscript does that should be clear and evident. All submissions are independently reviewed by anonymous expert peer referees.

By Submitting an Article for Publication:

**When you submit a paper for publication you are stipulating that:**

1. The manuscript is your own original work and has not been previously published and is not under consideration for publication elsewhere.

2. If a previous draft was presented at a conference or convention (a fact that will not negatively affect the chances of publication and is encouraged) it has been noted on the title page.

3. The manuscript does not contain anything abusive, libelous, obscene, illegal, or defamatory, nor does it contain information you know or suspect to be false or misleading.

4. You have gained permission to use copyrighted material (photos, cartoons, etc.) and can provide proof of that permission upon acceptance.

5. You have conducted any original empirical research after the approval of and in accordance with your institution’s Institutional Review Board (IRB).
